

MOVEMENT DAY NYC **FORWARD**

THE POWER OF AGREEMENT

OCTOBER 21, 2022

WELCOME LETTER

ON BEHALF OF LEAD.NYC, WELCOME!

Welcome to Movement Day: FORWARD.

What happens when a city unites to see a city flourish for the glory of God?

Genesis 11: 5-7

But the Lord came down to see the city and the tower the people were building. 6 The Lord said, "If as one people speaking the same language they have begun to do this, then nothing they plan to do will be impossible for them. 7 Come, let us go down and confuse their language so they will not understand each other.

Genesis 11 gives us a peek into what can happen when a city's people function as ONE-with one heart and one motive.

The bible says that as one people, a people united and speaking the same language, that there would be nothing impossible for them. Now, we understand that in this particular story, The Tower of Babel, their motives were wrong. The people looking to build something self-aggrandizing, a monument to their own greatness, and a worship to their own intellect, was something that God would not allow.

Imagine what happens when a city, when a group of people are committed to God's vision and glory. A city united and committed to a collective impact, a shared agenda, shared language, shared metrics, and a shared heart to see a city flourish both spiritually and socially, this would bring great glory and honor to our God.

What if, as metro New Yorkers, and as a city as great as New York City, we made a commitment to see our city flourish both socially and spiritually, not for our own fulfillment, but for the greatness of our God.

Under one Name and one goal, there is power in agreement!

MAXIMIZE YOUR EXPERIENCE!

REMAIN OPEN TO GOD'S PROMPTINGS!

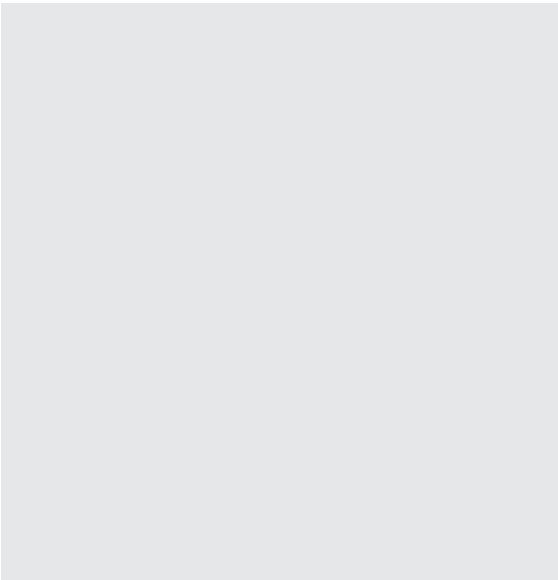

Ask yourself throughout the day:

- What has been my most important learning in this session?
- Who do I feel led to connect with?
- What are my next action steps to follow-up on, personally and corporately?
- How can I apply what was learned in order to expand the impact of my citywide network?

ADVANCE LEADERSHIP INTENSIVE

EQUIPPING LEADERS INSTRUCTIONALLY, EXPERIENTIALLY, AND INSPIRATIONALLY

Leaders are often high on passion but somewhat low on strategy. Advance Leadership Intensive (ALI) meets that need and fills the gap! Designed for nonprofit and ministry leaders, ALI integrates deep, foundational Christian truths with strategic thinking and organizational development training.

With the best-in-class faculty, over 500 leaders have been trained since 2010 - serving over 6.4 million people cumulatively. The alumni roster includes leaders from organizations throughout the greater NYC metro area such as Trinity Baptist Church, Christ Tabernacle, Redeemer Presbyterian Church, YoungLife, Cru, The Navigators, New York City Relief, The Bowery Mission, and Hope for New York.

"The Advance Leadership Intensive has been an invaluable experience...

In addition to the engaging and insightful speakers, the entire program is an embodiment of leadership that is driven by its mission and organizational health." – Jesse Eng, Lead Pastor of Grace Faith Church, ALI Alumni

"...You will have a faculty here of experts that will help you learn skills, techniques, and knowledge that you haven't learned anywhere else ..."
– Anthony Lembke, Leadership Coach, ALI Faculty Member

FAMILY ADVOCACY MINISTRY

YOUR CHURCH CAN SERVE MORE CHILDREN AND FAMILIES THROUGH FAMS

Offering support to vulnerable children and those caring for them. **Did you know that there are over 7,600 vulnerable children in the foster care system in NYC alone?**

Family Advocacy Ministry (FAM) was launched in connection to our 10 Zip Codes Project working through our ethos of collective impact to engage collaboration within NYC's most vulnerable neighborhoods. FAMs help provide what vulnerable children need most- strong families. LEAD.NYC equips churches to create FAMs to meet real-time needs that can change lives when foster families, adoptive or biological families are in crisis. FAMs can prevent kids from entering foster care, intervene once foster care is a

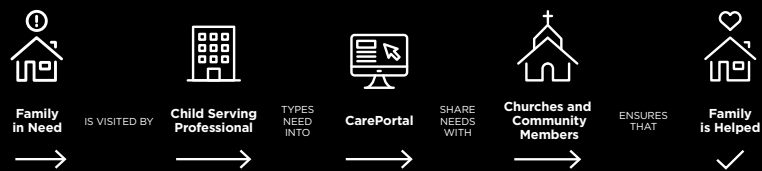

necessity, and/or connect children with families for a lifetime. We do this through two pathways:

1. CAREPORTAL TOOL

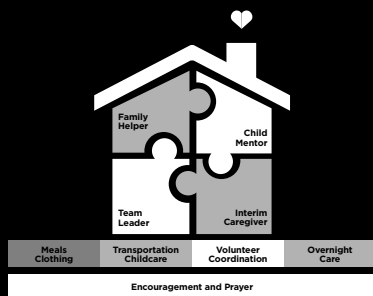

CarePortal, is an online technology platform that brings the needs of vulnerable children and families in your community to your attention. CarePortal creates connections within the circles of Care around the isolated child. A few examples of needs are *beds, cribs, car seats, clothes, school supplies, mentorship, and transportation.*

How does CarePortal work?

Requests submitted through CarePortal come from caseworkers at government child welfare agencies or other child-serving organizations approved by CarePortal to vet needs. Caseworkers uncover the needs, and CarePortal makes local churches and community members aware, giving them real-time opportunities to respond.

FAMILY ADVOCACY MINISTRY

2. CARE COMMUNITIES TOOL

In partnership with **Promise 686**, FAM trains churches to create and maintain volunteer-led Care Communities that provide a strong support system for foster and adoptive families. Volunteers offer support in the following ways: *bringing weekly meals, supplying, or sourcing practical needs, transporting children to appointments, mentoring children, coordinating volunteers to serve a family and more!*

Why Care Communities?

Parents who foster or adopt need to know they'll be well-supported when a child arrives in their home. Children in foster care, as well as adopted children, have unique needs, and require intentional focus from their new parents. Supporting these families in practical, hands-on ways provides a

healthier context for a child's transition into their new home.

YOUR NEXT STEP

Whether you simply want to keep one child out of foster care, help one family in crisis stay together or rally your church or community, CarePortal and Care Communities tools can connect you. **Learn more by completing this brief form here to receive more information or your next steps and attend a training.**

Invitation: We're excited to launch CarePortal in the neighborhoods of South Bronx & East New York on December 10th. Join our virtual launch to learn more about the foster crisis locally, hear from caseworkers and how to engage with CarePortal **12/10/22, 11am-12:15pm ET. RSVP here.**

10 ZIP CODES PROJECT

COLLECTIVE IMPACT MAPPING IN EAST HARLEM, WASHINGTON HEIGHTS, EAST NEW YORK & STATEN ISLAND

As part of The 10 Zip Codes Project, the Neighborhoods Team completed an asset mapping report to get a snapshot of the collective faith communities' social impact in neighborhoods throughout the last 16 months of COVID-19. The neighborhoods of East Harlem, Washington Heights & Inwood, East New York & Stapleton/ Park Hill (Staten Island) were surveyed. The data and stories demonstrate the genius, ingenuity, adaptability, and effectiveness of the church and faith-based organizations during one of the

most disruptive and traumatic seasons of recent history. It also presents a huge opportunity, with many needs still to be met and many churches and organizations wanting to do more to love their neighbor.

Key results include:

- **49%** of organizations increased their social impact activities in response to COVID-19, despite churches closing.
- **67%** of organizations' work includes serving vulnerable children or youth
- **\$9,562,230** social impact value to New York City (from church volunteer hours & staff hours to the neighborhood, not including goods and other resources.)

For all data & church case studies, read the full report.
